

Dear Dr. Steve,

Your Hypnosis Extravaganza was a huge hit here at Tufts University! Not many performers possess the ability to get people talking about their show for days after it.

Numerous students have asked when you'll be back, and others complained that they were unable to attend and had heard the show was hilarious, even recalling stories they'd heard.

Working with you was an unbelievable pleasure. You were so accommodating and made this experience one we would love to duplicate. As the Freshman Class Council, we were nervous, yet you made the transition incredibly easy!

You went well above the call of duty by sending us advertisement ideas and flyers, and most importantly, by walking around the cafeteria the day of the show doing magic tricks to gain student's interest.

We would love to recommend your show to anyone and everyone. It was full of laughter, excitement, and fun!

Thank you,

Courtney Benson
